Datasheet and description

Avide LED Ceiling Lamp Oyster Stella-CCT 80W (40+40) with remote

Product code: ACLOCCT-80W-R-ST

Brand link: avidelighting.com/qr/ACLOCCT-80W-R-ST

ID: AB-190518

Company name: Bramcke Hungary Kft.

Company address: Kishatár utca 17., 4031 Debrecen

QR code:

Date of issue: 2024-05-20

SPECIFICATIONS

EAN code:	5999097916200
Warranty:	3year(s)
Material:	Plastic+Metal
Working temperature:	-20 - +40 °C
Packaging:	1/b 16/p
Certifications:	CE
Functions:	Stepless brightness, stepless color temperature changing(3000K-6400K), night light mode (4W warm white), timer (30 mins), memory function, remote control

TECHNICAL DETAILS

Wattage:	80W
Voltage:	220-240V
Beam angle:	120°
Dimmability:	Yes
Lumen output:	4 800lm
Color temperature:	5 000K
Lifetime:	25 000h
Energy class:	G
Type of LED:	SMD2835
CRI:	>80
IP standard:	IP20

PRODUCT SIZE

Diameter:	760mm
Height:	120mm

CARDBOARD BOX

EAN:	5999097916200
Packaging:	1/b 16/p
Dimensions:	780mm x 780mm x 110mm
Net weight:	3 000g
Gross weight:	3 700g

CARTON

EAN:	5999097916217
Packaging:	1/b 16/p
Dimensions:	815mm x 320mm x 815mm
Net weight:	3kg
Gross weight:	3.7kg

PALLET EXAMPLE

Height:	
Width:	120cm (std Euro pallet)
Depth:	80cm (std Euro pallet)
Cartons per pallet:	16carton/pallet
Cartons per row:	
Net weight:	48kg
Gross weight:	59.2kg

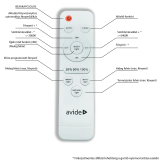
PRODUCT DESCRIPTION

Our Stella and Pandora lamps are available not only in the types using the three color temperatures but also in a CCT version with remote control and in different Watt versions. Using our CCT lamps, you may set any color temperature ranging from warm white (WW) through neutral white (NW) to cool white (CW). Enjoy the convenience of using the infrared remote control while sitting on your sofa.

Functions of the remote:



With the help of the remote, we can use continuous brightness adjustment or we may even choose from pre-set brightness percentages. The color temperature may also be set continuously (without fixed steps) from warm white (3000 K) to cool white (6400 K). Besides all this, we may also use the remote for switching on and off as well as to set the timer for switching the lamp off.

Timer function: By pressing the timer button once, we can start the timer function, as indicated by a single flash of the lamp. It may be turned off by pressing it again. This is indicated by two consecutive flashes. The timing duration is 30 minutes.

The product also features a night mode function, which may be activated using the remote. This function provides a warm white color temperature and a 4W output.

The light fixture includes cool white and warm white LED chips, generating the neutral white color temperature by the simultaneous use of these two. Based on the same principle, in the case of warm white and cool white color

temperatures, the product operates with a 40W output, while in the case of choosing a neutral color temperature with an 80W output.

The products include a modern, built-in LED light source. ---.

The remote operates with 2 AAA batteries, not included in the box.
